Donated goods consist of commodities provided by public and private sources without charge to the government. Volunteer services consist of assistance provided by personnel without charge to the government.
- B. Historically, the public has responded to disasters with offers of donated goods and volunteer services. In large-scale disasters, public response is often significant and the scope of this emergency function is to manage the volume of this assistance and ensure the expeditious delivery of donated goods and volunteer services to the affected area.

II. MISSION

To facilitate the acceptance and delivery of donated goods and volunteer services to support relief efforts in disaster areas.

III. CONCEPT OF OPERATION

- A. The Budget and Control Board, General Services Division, is responsible for the coordination of all ESF-18 administrative, management, planning, preparedness, mitigation, response, and recovery activities to include developing, coordinating and maintaining the ESF-18 SOP. All ESF-18 supporting agencies must assist the Budget and Control Board, General Services Division, in the planning and execution of the above. All ESF-18 personnel will be trained on the principles of the National Incident Management System (NIMS) and Incident Command and integrate those principles into all ESF-18 planning and response operations.

- B. ESF-18 may be activated to different levels of staffing as directed by Chief of Operations and coordinated with ESF-18 primary.
- C. ESF-18 will coordinate with all supporting and other appropriate departments/agencies and organizations for operational readiness in time of emergency.

- E. Offers of donated goods and volunteer services will be handled by operators of the Call Center telephonically via a toll-free telephone number. Operators will enter data into Aidmatrix. Individuals will be encouraged to donate cash to local organizations of their choice. Under certain circumstances donated goods and volunteer services may not be accepted.
- F. Donated goods: A Decision Cell consisting of General Services and Harvest Hope Food Bank will manage requests for donated goods. Normally, donated goods (non-food items) will be delivered to a central warehouse managed by the Adventist Community Services (ACS). Pre-certified state and local groups, including volunteer organizations will be allowed to request donated goods directly from the ACS warehouse. The Decision Cell will decide the usefulness of donated goods that do not appear on the pre-approved list of “needed” and “not needed” goods. Goods may be delivered upon request from the ACS warehouse to a local reception/distribution center. All food donations will be delivered to the Harvest Hope Food Bank in Columbia or upon the direction of Harvest Hope, delivered to other affiliated food banks in the state as necessary. Food will be distributed by Harvest Hope Food Bank in accordance with Feeding America Disaster Relief Plan. See ESF-11 Annex and SOP.
