

South Carolina Emergency Management Division

Multi-Year Training and Exercise Plan (2019-2021)

December 14, 2018

Preface

The State of South Carolina pursues a coordinated strategy in order to sustain and improve its emergency prevention and response capabilities. Training and exercises are critical components of this strategy. A robust, comprehensive training and exercise cycle provides the State with opportunities to practice, validate, refine and improve existing capabilities, as well as attain and develop new ones based on gaps and needs identified throughout the cycle. Many of the State's training and exercise programs are promoted and coordinated by the South Carolina Emergency Management Division (SCEMD), in coordination with the South Carolina Law Enforcement Division (SLED), South Carolina Department of Health and Environmental Control (SCDHEC), South Carolina Department of Public Safety (SCDPS) and numerous county and local emergency response agencies. This schedule is designed to prepare the State to optimally address the natural and technical hazards it may face.

Purpose

The Multi-Year Training and Exercise Plan (MYTEP) supports South Carolina's Homeland Security and Emergency Management strategies. It is a coordinating document which identifies core capabilities upon which the State must focus in order to meet critical objectives. The MYTEP defines a comprehensive cycle of training and exercises that will help the State sustain and improve these core capabilities.

Included in the MYTEP is the training and exercise schedule which outlines proposed activities from January, 2019 through December, 2021. This three-year cycle represents a logical progression of specific, measurable, achievable, relevant and time-bound training and exercises which support the "building-block" approach.

This is a living document, updated quarterly and revised annually. It fulfills SCEMD's requirement to provide annual training guidance to county emergency management offices and state agencies in accordance with Emergency Management Program Grant requirements.

This plan also addresses State and local priorities, gaps and deficiencies identified in previous exercises and from the annual Training and Exercise Planning Workshop (TEPW) held on August 23, 2018.

Overview

The following pages outline five program priorities and corresponding core capabilities which define the scope of the MYTEP. The focus of the MYTEP reflects results of the State's annual Threat Hazard Identification and Risk Assessment (THIRA).

A table highlighting planned and projected state exercises for the next three-year cycle shows how each exercise supports selected program priorities and core capabilities. Following this is a state exercise overview which indicates the total number of times each priority and core capability is addressed throughout the lifespan of the MYTEP.

The last item in the plan is the master calendar. It represents all planned and projected classes, exercises and other training scheduled over the next three year cycle at SCEMD as well as federal, regional and local events throughout the state's six emergency management regions.

Please note that all dates are subject to change based on real-world requirements.

Program Priorities

State of South Carolina

SLED, in conjunction with SCEMD and other State agencies, conducts an annual Threat and Hazard Identification and Risk Assessment (THIRA) for the State of South Carolina. The THIRA identifies and analyzes homeland security-related threats, risks and vulnerabilities. It also identifies and evaluates State capabilities and short-falls in the areas of prevention, protection, mitigation, response and recovery. Using this assessment, the Homeland Security Strategy, and data collected from the previous training and exercise cycle, the State has identified five priorities and associated capabilities on which to focus its planning, organization, equipment acquisition, training, and exercises.

I. Prevention of and/or Protection from Terrorist Attacks and Associated Crimes

- 1.1 - Interdiction and Disruption Capability
- 1.2 - Screening, Search, and Detection Capability
- 1.3 - Intelligence and Information Sharing Capability
- 1.4 - Forensics and Attribution Capability
- 1.5 - Access Control and Identity Verification Capability
- 1.6 - Cyber Security Capability
- 1.7 - Physical Protective Measures Capability
- 1.8 - Risk Management for Protection Programs and Activities Capability
- 1.9 - Supply Chain Integrity and Security Capability

II. Mitigation of Hazards

- 2.1 - Community Resilience Capability
- 2.2 - Long-Term Vulnerability Reduction Capability
- 2.3 - Risk and Disaster Resilience Assessment Capability
- 2.4 - Threats and Hazard Identification Capability

III. Effective Emergency Response

- 3.1 - Critical Transportation Capability
- 3.2 - Environmental Response / Health and Safety Capability
- 3.3 - Fatality Management Services Capability
- 3.4 - Infrastructure Systems Capability (Response Focus)
- 3.5 - Mass Care Services Capability
- 3.6 - Mass Search and Rescue Operations Capability
- 3.7 - On-scene Security and Protection Capability
- 3.8 - Operational Communications Capability
- 3.9 - Public Health, Healthcare, & Emergency Medical Services Capability
- 3.10 - Situational Assessment Capability
- 3.11 - Fire Management and Suppression Capability
- 3.12 - Logistics and Supply Chain Management Capability

IV. Rapidly Recover from Catastrophic Events

- 4.1 - Economic Recovery Capability
- 4.2 - Health and Social Services Capability
- 4.3 - Housing Capability
- 4.4 - Infrastructure Recovery Capability
- 4.5 - Natural and Cultural Resources Capability

V. Improve Statewide Planning, Operational Coordination, and Public Information and Warning

- 5.1 - Planning Capability
- 5.2 - Operational Coordination Capability
- 5.3 - Public Information and Warning Capability

The table below outlines exercises planned or projected over the next three-year cycle in support of the five program priorities and associated core capabilities:

State Exercise Overview					NOTES:
Program Priority	Core Capability	2019	2020	2021	
I. Prevention of and/or Protection from Terrorist Attacks and Associated Crimes (21)	1.1 Interdiction & Disruption	1	1	0	<p>1. The number in parentheses after each program priority indicates current total number of planned exercises supporting that priority for all three years. Numbers following core capabilities indicate the number of times each capability is addressed in a planned exercise for each calendar year.</p> <p>2. All State exercises are conducted using templates and guidance from the Homeland Security Exercise and Evaluation Program (HSEEP).</p> <p>3. Exercise plans, situation manuals, and other support documentation contain specifics regarding priorities and core capabilities supported by the stated objectives for each exercise. These products are released on dates indicated in the Plan of Action and Milestones (POAM) which is finalized during the exercise initial planning meeting.</p> <p>4. The calendar on the subsequent pages represents training, exercises and supported events at SCEMD and throughout the State's six emergency management regions over the next three-year cycle, 2019 through 2021. It is a living document updated in real time as events develop. Any entry without a listed date is tentative or not yet confirmed.</p> <p>5. Opportunities will be sought to include exercises for those capabilities not addressed sufficiently in the current plan. Thereafter, this document will be updated by addendum.</p>
