

ANNEX 3
V. C. Summer Nuclear Station (VCSNS)
HEALTH AND MEDICAL SUPPORT

I. INTRODUCTION

- A. Medical and public health support during a Nuclear Power Plant (NPP) radiological incident may require the transportation of radiologically contaminated, injured individuals to medical support facilities.
- B. Letters of Agreement (LOA) have been obtained with local, primary, and backup hospitals having the capability to receive and care for most radiological incident cases. Specific LOA for services by designated medical facilities are contained in the Fairfield, Lexington, Newberry, and Richland County Emergency Operations Plans (EOPs) and Basic Plan, Annex 9 (Letters of Agreement and Memoranda of Understanding).

II. PURPOSE

To identify medical and public health support resources that may be required in the event of an incident at the VCSNS.

III. CONCEPT OF OPERATIONS

The South Carolina Department of Public Health (SCDPH) is charged with coordinating health department planning for radiological incidents at NPPs. Regarding the provision of medical services for contaminated, injured individuals, SCDPH will:

- 1. Coordinate the provision of emergency transportation for victims of radiological incidents.
- 2. Coordinate the provision of emergency medical supplies and health services to the affected areas.
- 3. Coordinate the participation of local primary and backup hospitals or medical facilities that have indicated their willingness and capability to provide emergency medical care to radiologically contaminated, injured individuals.

IV. ORGANIZATION AND ASSIGNMENT OF RESPONSIBILITIES

See SCORERP, Basic Plan, Annex 5, paragraph IV

V. MEDICAL FACILITIES

- A. The Prisma Health Richland Hospital in Columbia, South Carolina (SC) serves as the primary hospital for the provision of medical care to persons who have become radiologically contaminated injured as a result of an incident at VCSNS (See Attachment A).

Prisma Health Richland
5 Richland Medical Park
Columbia, SC 29203

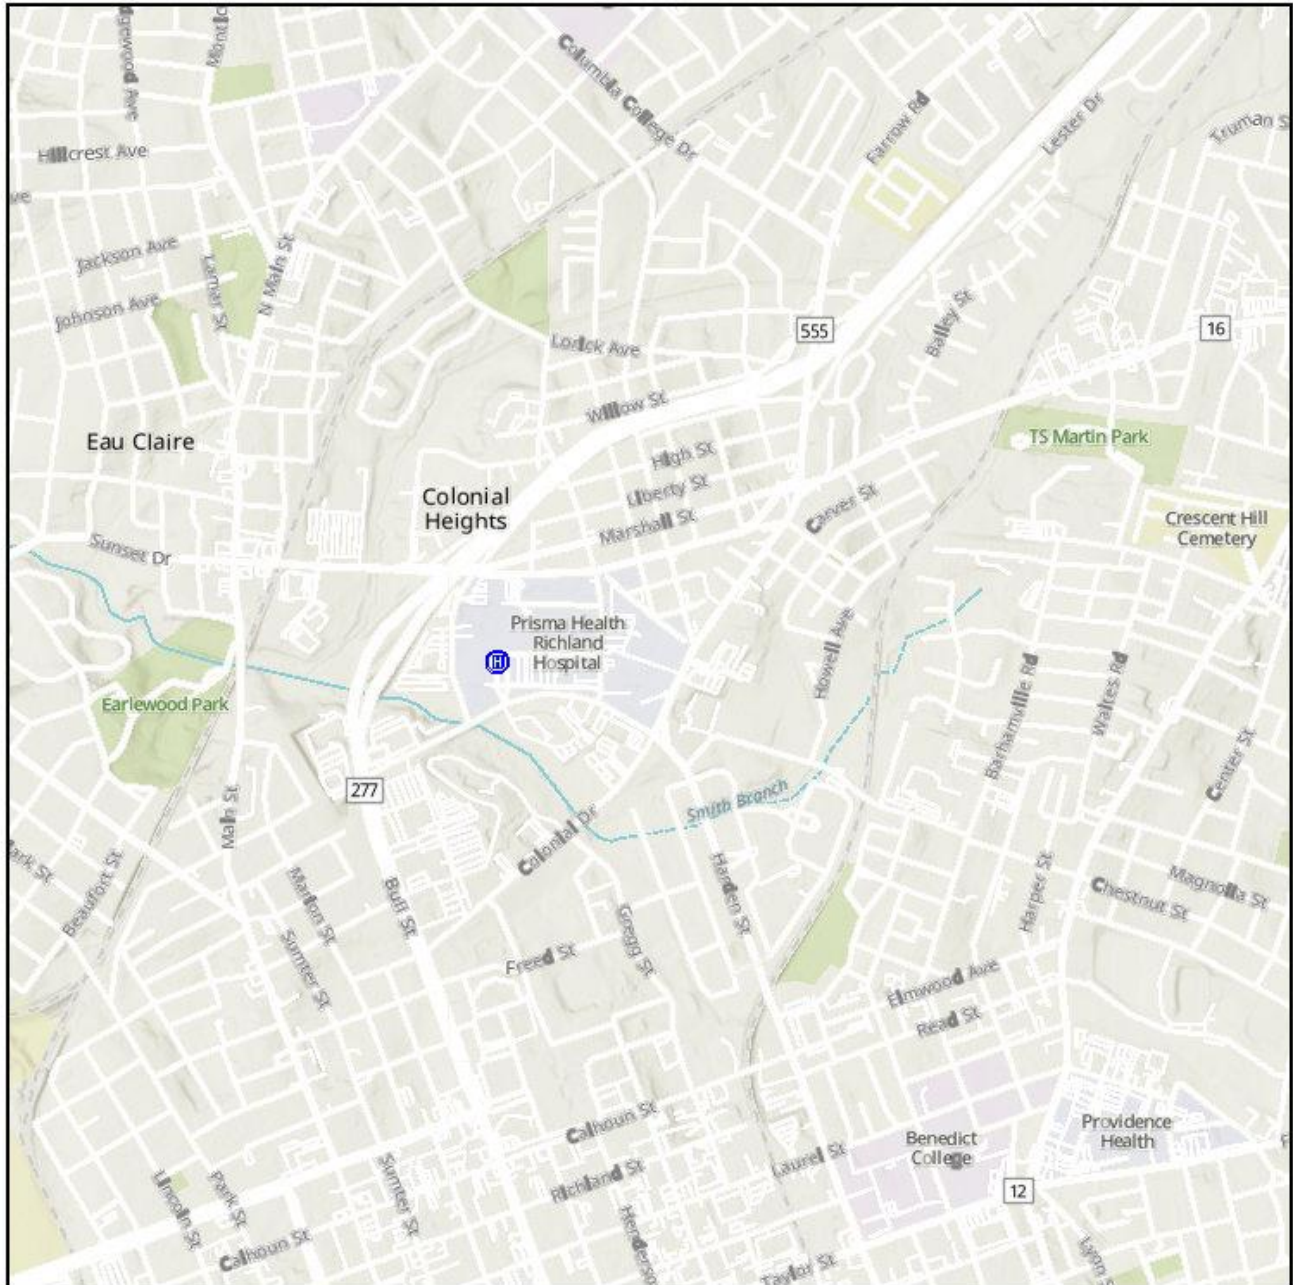

RADIOLOGICAL CAPACITY:	Ambulatory	6
	Non-Ambulatory	1

- B. The Lexington Medical Center in West Columbia, SC serves as the backup hospital for the provision of medical care to persons who have become radiologically contaminated, injured as a result of an incident at VCSNS (See Attachment B).

Lexington Medical Center
2720 Sunset Boulevard
West Columbia, SC 29169

RADIOLOGICAL CAPACITY:	Ambulatory	25
	Non-Ambulatory	10
