

ANNEX 3
Savannah River Site (SRS)
HEALTH AND MEDICAL SUPPORT

I. INTRODUCTION

- A. Health and medical support during a Nuclear Power Plant (NPP) radiological incident may require the transportation of radiologically contaminated, injured individuals to medical support facilities.
- B. Letters of Agreement (LOA) have been obtained with local, primary, and backup hospitals having the capability to receive and care for most radiological incidents.

II. PURPOSE

To identify medical and public health support resources that may be required in the event of an incident at the SRS.

III. CONCEPT OF OPERATIONS

South Carolina Department of Public Health (SCDPH) is charged with coordinating local health department planning for radiological incidents at SRS. With regard to the provision of medical services for contaminated, injured individuals, SCDPH will:

- A. Coordinate the provision of emergency transportation for victims of radiological incidents.
- B. Coordinate the provision of emergency medical supplies and health services to the affected areas.
- C. Coordinate the participation of local primary and backup hospitals or medical facilities that have indicated their willingness and capability to provide emergency medical care to radiologically contaminated injured individuals.

IV. ORGANIZATION AND ASSIGNMENT OF RESPONSIBILITIES

See SCORERP, Base Plan, Annex 5 (Health and Medical Support), section IV.

V. MEDICAL FACILITIES

- A. The Doctors Hospital in Augusta, Georgia will serve as the primary hospital for the provision of medical care to persons who may have become contaminated/injured as a result of an incident at SRS (See Attachment A).

Doctors Hospital
3651 Wheeler Road
Augusta, GA 30909

RADIOLOGICAL CAPACITY: Ambulatory and non-ambulatory determined by census and staffing capabilities.

- B. The Wellstar MCG Health Medical Center in Augusta, Georgia will serve as a backup hospital

for the provision of medical care to persons who may have become contaminated/injured as a result of an incident at SRS (See Attachment B).

Wellstar MCG Health Medical Center
1120 15th Street
Augusta, GA 30912

RADIOLOGICAL CAPACITY: Ambulatory and non-ambulatory determined by census and staffing capabilities.

C. The Aiken Regional Medical Center in Aiken, South Carolina will serve as a backup hospital for the provision of medical care to persons who may have become contaminated/injured as a result of an incident at SRS (See Attachment C).

Aiken Regional Medical Centers
302 University Pkwy
Aiken, SC 29801

RADIOLOGICAL CAPACITY: Ambulatory and non-ambulatory determined by census and staffing capabilities.
